Study ID: 2023E0172

Last Modified: 02/14/2023 5:51pm

Last Action: Exempt - Determined exempt

Current Status: Active

Principal Investigator: Thomas Nelson

Department: Arts and Sciences | Political Science (CC12412)

Study Team Requirements

The list below displays the currently approved study team. The CITI (human subjects training), RCR, and COI completion status for each study team member must be complete and show the  icon prior to Buck-IRB submission. Note: GCP completion status is also shown for informational purposes only and will not affect submissions. (GCP training is required by some sponsors and funding agencies, but is not currently required by the university.)

If an  icon is next to a person's name, click on the 'Notify Team of Training' button on left navigation bar (current page) to contact appropriate study team member(s). EXCEPTION: If a study team member is being removed by amendment or personnel change request, incomplete CITI, RCR, or COI status will not hold up the submission. You may click the  icon next to a person's name to send an email reminder.
